1

```
\normalbaselineskip    [ ⟨glue⟩ parameter ]
\normallineskiplimit   [ ⟨dimen⟩ parameter ]
\normallineskip        [ ⟨glue⟩ parameter ]
\normalbaselines
```

The three parameters contain values for `\baselineskip`, `\lineskip`, and `\lineskiplimit` respectively. The `\normalbaselines` command sets `\baselineskip`, `\lineskip`, and `\lineskiplimit` to the values contained in the three parameters.
